

## OLGS is getting ready for 2009-2010!

Currently Our Lady of Grace School has 174 students enrolled in grades kindergarten to eighth grade. There will be 17 eighth graders graduating on June 1<sup>st</sup>. These young men and women are finishing up their last six weeks at OLGS. Some of these students were enrolled in kindergarten the very first year that our school opened its doors. We look forward to the celebration of graduation when we can honor the students for all their accomplishments.

Our Lady of Grace School has registered 25 kindergarteners. The Three Year Old Preschool program will run 9 to 12 on Mondays, Wednesdays, and Fridays. We have 13 three year olds registered. Nine want the three days and four want just two days. We have room for five more students. Our Four Year Old Preschool program will run all five days. There are 22 four year olds who are registered for the Preschool 4.

We are also happy to share that we have several new students registered for different grades. There are two new students enrolled for third and three new students for sixth. Mrs. Ricketts still is giving tours for anyone interested in our fine school.

The teachers are currently working on ordering supplies, creating the schedules, and making plans for the up coming new year. Two new head teachers for the preschool are being hired. They each will have a teaching assistant. The third grade will also be getting a half day teaching assistant next year. The middle school will be getting more Spanish beginning next year. The sixth grade will have two classes per week. The seventh and eighth grades will have three classes of Spanish each week.

Mrs. Byrdie Ricketts,  
Principal  
Our Lady of Grace School  
Spring 2009
